

## ABSTRACT TEMPLATE GUIDELINES

- Authors are required to use the provided template.  
The abstract cannot be longer than one page (300 words).  
Do not change margins, line spacing, font type or size in the template.  
Figures cannot be used in the abstract.  
The presenting author should be underlined.  
The corresponding author should be followed by an asterisk (\*) and its email address added to the affiliation section.  
In the top of the form the authors must state if the abstract refers to an Invited speaker or if the author is proposing for a plain or short talk.
- Send to: [idar2017@uninsubria.it](mailto:idar2017@uninsubria.it)
- Subject line: The email subject line should be either: "Poster & Oral" or "Poster only". Meaning in the first case that the submission should be considered for an oral presentation.
- Message body: The message should contain the title, affiliation, full list of author names, the name of the presenting author and the session.  
The available sessions are:
  - Chemical and physical analytical methods
  - D-amino acids in biotechnology
  - D-amino acid-containing peptides
  - D-amino acid containing proteins and aging
  - Metabolism of D-amino acids
  - D-amino acids and astrobiology
  - D-amino acids transport
  - On the role of D-aspartate & D-aspartate oxidase
  - D-amino acids in brain physiology and pathology
- Message attachment: The word document with the submission

On behalf of the organizing committee,

Prof. Loredano Pollegioni
